## Mightiest Deal ever Made

And mind you, we handle so strong an assertion with all delicacy, for we know that you'll be prone to anticipate values way far and beyond the reach of anything that smacks of former offerings. They came from a maker whose available stock completely cutshadowed his ready cash. Too much of one-far too little of the other. What more natural than that he should do the most sensible thing in the world and lighten his over-supply to buoy up his bank account? So he sold us 500 of his best goods. And you can depend on it that our choice in the matter was only too exacting. It took us a short time to close the deal, because we wanted 'em so that you could have 'em tomorrow afternoon. And while we've only received the bill of lading so far, we're confident of our ability of having 'em on hand to sell to you the first thing in the morning.

\$1.75 and \$2.50 Umbrellas QQC will go for .

These have all sorts of handles, but only one kind of cover-the best! Paragon frames, steel rods and all that. Men's and women's size. Nothing like 'em ever sold anywhere less than \$1.75 to \$2.50.

\$3.50 Umbrellas will go for . .

They are ladies' goods only. All silk, in red. brown, plum and changeable taffeta. Nothing to equal 'em was ever bought under

\$5 Umbrellas will go for . .

These, too, are fancy affairs and brilliant colorings. All have expensive handles. And are made of the very best of everything. They are superior to anything you ever got under \$5.
